QUALITY BLENDED IN EVERY GALLON

Unidraw PEC 1150 is a heavy duty, emusifiable stamping lubricant designed for demanding operations requiring superior lubrication and extreme pressure properties. It can be cut back with water depending on the toughness of the draw. Unidraw PEC 1150 combines the performance of extreme pressure lubricants with lubricity properties for higher quality parts and longer die life. The advanced additive system in Unidraw PEC 1150 assures optimum performance and lower cycle times. It is approved by Nissan for use in stamping.

## Benefits

Superior lubricity

Versatile

Extreme pressure properties

Long die life

Heavy Duty

Deep drawing

High quality parts

Lower cycle times

## Physical Characteristics

TEST	SPECIFICATION
Specific Gravity	0.943
Flash Point F	>400F
Viscosity SUS @ 100 F	70-100
Viscosity cSt @ 40 C	12.5-22.0
Water by Karl Fischer, ppm	< 200 ppm
Appearance	Brown Liquid
Odor	Mild Petroleum
